B.Pharm Student | Pharmaceutical Research, Drug Information & Medical Writing

+88 0133 95 91 307 | heyitslubnaakter@gmail.com | linkedin.com/in/heyitslubnaakter | Gulshan, Vatara, Dhaka, Bangladesh

Professional Summary

4th-Year B.Pharm student with hands-on exposure to pharmacology, drug information analysis, laboratory-based pharmaceutical research, medical writing, and healthcare content development. Skilled in literature review, data interpretation, quality-focused documentation, and collaborative work, with strong attention to detail. Seeking an entry-level opportunity in pharmaceutical research, drug information, or healthcare communication to apply analytical and scientific communication skills.

Work & Entrepreneurial Experience

Co-Founder | Neymat Home Décor (04/2026 - Present | Dhaka, Bangladesh)

- Co-founded an early-stage home décor brand, building it from the ground up primarily through social media-based sales and marketing.
- Grew order volume by nearly 20% since launch by managing sourcing, inventory, and customer engagement end-to-end.

Education Byte Builder | Pharma Insights (01/2026 - 02/2026 | Dhaka, Bangladesh)

- Produced research-backed content that strengthened platform credibility. Simplified complex pharma concepts into clear, engaging content.

Branch In-Charge | Emaan (05/2023 - 07/2023 | Dhaka, Bangladesh)

- Promoted to Branch In-Charge within one month for performance. Grew branch sales by up to 20% through strong customer engagement.

Educational Qualification

- **Bachelor of Pharmacy (B. Pharm)** - University of Information Technology & Sciences (2022 - Present) | CGPA: 3.37 / 4.00
- **Higher Secondary Certificate (Science Group)** - Govt. Kalachandpur High School and College (2019 - 2022) | GPA: 5.00 / 5.00
